Intercon undertakes fabrication and construction projects within the Oil & Gas, Minerals Processing, Mining and Heavy Industrial Sectors.

Summary

Structural Mechanical and Piping project solutions (material supply, fabrication, installation + Project Management

including Labor Supply)

Description

Intercon undertakes fabrication and construction projects within the Oil & Gas, Minerals Processing, Mining and Heavy Industrial Sectors. Services include Project Management,

Supply Management, Fabrication, Consultancy services re Constructability, modularisation, pre assembly etc

Industries Served

- > Construction & Engineering
- > Manufacturing
- > Mining
- > Oil, Gas & Energy
- > Retail, Trade and Other Services
- > Water

Major Clients

- > Rio Tinto, BHP, Origin Energy, Santos, CPB, CBI, BP Australia, UGL, Thiess Degremont, Transfield Clough JV, etc

Accreditations

- > Accreditation to Issue Assurance Certificates

Products & Services

- > - Consulting / Detail Engineering
- > - Procurement of all SMP materials and equipment
- > - Fabrication for module, pipe spool, structure
- > - on site installation and construction
- > - Project Management
- > - Supplying manpower like as skilled construction worker, supervisor, manager on site

Facilities and Equipment

- > 1. Area
 - > - total yard 20,000 sqm
 - > - fabrication shop 5,000 sqm
 - > - 4 storage area (covered)
 - > - 2 Office buildings
- > 2. Fabrication shop
 - > - bay 1 : 120m x 24m / 10ton x 4 overhead crane
 - > - bay 2 : 120m x 18m / 10ton x 2 overhead crane
- > 3. Equipment
 - > - All range of Welding machines (TIG/MIG/Flux), machine tools, Drilling, Grinding machine, pipe cutting machine, pipe rotator, roller, lifting gear, etc
 - > - Mobile crane (25ton, 8ton), Forklift, Utility vehicles
 - > - Pressure vessel, compressor, storage container, etc

Other Accreditations

> ISO 9001-2008 Lloyds Registrar

Previous Significant Projects

2017

BHP SCM17 Boiler Repair

\$5,000,000

Client: BHP

BHP Roxby Down SCM17 Boiler Repair work

2013

APLNG WTF

\$4,000,000

Client: Origin

Fabrication of Valve rack skids

2013

Melbourne Desalination Plant

\$12,500,000

Client: Thiess Degremont

Supply fabrication of Super Duplex piping and RO skids

2013

Pelican Point Fuel Terminal

\$6,000,000

Client: Terminals Pty Ltd

Supply fabrication and installation of entire SMP works

2013

QCLNG FCS plant

\$5,000,000

Client: Transfield Clough Thiess

Fabrication of FCS CS pipework

2012

Mulwala Ammunitions Facility

\$16,000,000

Client: Thales - Defence Dept

Supply fabrication and installation of SMP works and Major Pipe rack modules

2011

Gold Coast Desalination Plant

\$10,000,000

Client: GCDA

Fabrication of Super duplex piping and RO modules
