Company Details

Address: 99 Calarco Drive
Derrimut VIC, 3030 Australia

Ph: +61 3 9680 8000

Email: enquiries@ryco247.com

Web: www.ryco.com.au

ICN Gateway Company ID: 64757

Employees: 880

ABN: 96 085 527 724

Locations: 11

Local Manufacturer: Yes

Foreign Manufacturer: Yes

Importer: Yes

Exporter: Yes

NT CAL Accredited: No

Works in Remote Locations: Yes

Australian Indigenous Owned: No

RYCO is a global leader specialising in the design, manufacture and distribution of a comprehensive range of high pressure hydraulic hoses and fittings.

RYCO's product portfolio includes an extensive range of spiral and wire braid hydraulic hoses, fittings, couplings and adaptors.

Summary

RYCO, an Australian company, has built a strong reputation since it commenced manufacturing hydraulic hose and fittings and other products in Melbourne, Australia over 70 years ago.

Today, RYCO is known for its dynamic, world leading fluid conveying technology. Engineering excellence, customer-

focus and highest quality products continue to attract new clients from numerous industries right across the world.

RYCO products are found servicing an enormous range of applications across mining, underground, forestry, construction, utilities, environmental, defence, marine, oil and gas, agriculture and more.

Description

RYCO Hydraulics commenced manufacturing hoses, fittings and filters in 1946. With over 70 years of experience, RYCO has expanded on a global scale with state-of-the-art manufacturing facilities, a global network of distribution centres and offices, OEM hose assembly centres and RYCO 24.7 service centres.

Our product portfolio includes an extensive range of spiral and wire braid hydraulic hoses, fittings, couplings and adaptors. With quality at its core, RYCO products comply or exceed independent third party accreditations as well as relevant international standards such as ISO, SAE and EN (DIN).

RYCO hydraulic hose assemblies and fittings are used globally by clients in technical industries (e.g. construction, mining and marine) where performance and reliability are critical. To achieve maximum performance, reliability and quality, RYCO hose assemblies use only RYCO matched hose and fittings.

Our specialised equipment and technology enable us to manufacture our large range of products efficiently and cost effectively. RYCO continues to grow and expand its product range to meet and surpass the most stringent of industry requirements as well as cater for the ever increasing needs of the hydraulic industry as a whole.

RYCO has increased its market coverage by establishing RYCO 24.7 Service Centers, Mobile Connector Specialists and Onsite Container Workshops in several countries around the world. RYCO 24.7 offers a comprehensive service to many industries with emergency break down, programmed maintenance, OEM support, installation and aftermarket businesses.

Our professionally trained and dedicated teams are on call 24 hours a day, 7 days a week offering expert technical support for all types of hydraulic and industrial systems.

Associations

- > Society of Automotive Engineers
- > DNV-GL Product Type Approval
- > Lloyd's Register Product Type Approval
- > American Bureau of Shipping - Product Type Approval
- > United States Coast Guard Product Approvals
- > Bureau Veritas Product Type Approvals
- > Korean Register Product Type Approvals
- > RINA Product Type Approvals
- > Marine Equipment Directive Product Approvals

Products & Services

- > Hydraulic Hose
- > Hydraulic Adaptors
- > Hydraulic Couplings
- > Hydraulic Hose Assemblies
- > Filters
- > Clamps
- > Test Points
- > Ball Valves
- > Airline Couplings
- > Quick Connect Couplings
- > Crimpers
- > Cut Off Saws
- > Gauges
- > Check Valves
- > Fire Suppression

Industries Served

- > Clean Energy
- > Construction & Engineering
- > Defence
- > Land & Agriculture
- > Manufacturing
- > Mining
- > Oil, Gas & Energy
- > Rail
- > Transport

Major Clients

- > BHP IO
- > BMA
- > Rio Tinto
- > Boart Longyear
- > Sandvik
- > Atlas Copco
- > Glencore
- > McMahon
- > Byrnescut
- > Centennial Coal
- > South32
- > Mineral Resource Limited (MRL)

Facilities and Equipment

- > Warehouses and RYCO 24.7 branches across Australia:
- > Melbourne
- > Perth, Newman, Port Hedland, Kalgoorlie
- > Sydney, Newcastle, Wallerawang
- > Brisbane, Blackwater, Emerald
- > Adelaide

Accreditations

- > American Bureau of Shipping (ABS)
- > Australian Gas Association (AGA)
- > British Standards Institution (BSI)

Previous Significant Projects

2014

Contract Maintenance of Hydraulic Hose and Hose Fittings
\$3,000,000

Client: BHP Billiton Iron Ore

5 year service and supply contract to BHP Billiton Iron ore and All their Sites

Ongoing service contract for hydraulic hose and fittings supply to site, offering 24/7 shift roster through onsite workshops and mobile service vehicles.

2008

Peak Downs and Saraji Mines - Contract Maintenance of Hydraulic Hose and Hose Fittings
\$2,500,000

Client: BMA

Ongoing service contract for hydraulic hose and fittings supply to site, offering 24/7 shift roster through onsite workshops and mobile service vehicles.
